This course critically examines, from both historical and current perspectives, the overall structure of the American social welfare system with a focus on the disproportionate social, economic and political problems of vulnerable populations. The course also considers the parallel historical development of the profession of social work, including the ways in which it responded to social problems across key periods of social welfare policy development.

• **Course Objectives**

By the end of the course, the student will be able to:

1. Understand significant historical events and persons that influenced the field of social work and social welfare policy.
2. Analyze the connections between the history and contemporary structures of social policy.
3. Understand the impact of economics, politics, and social values on the identification of social problems and policy formation in the United States and the ways that issues of diversity (such as culture, class, gender, physical or mental ability, sexual orientation, and age) have been addressed.
4. Apply conceptual frameworks for analyzing the development of social welfare policy.
5. Define key concepts in social welfare policy (e.g., universal, residual, public assistance, social insurance, cash, in-kind).
6. Understand the major policies that form the foundation of social welfare policy in the U.S.
7. Apply relevant research frameworks for evaluating the effects of social welfare policy on national, state, and local populations and economically vulnerable subgroups.
8. Analyze the impact of social welfare policy in terms of social and economic justice and the promotion of social work values.
9. Discuss trends in comparative international social welfare policy.
10. Understand roles social workers play in the formation of social policy and the effects of social policies on social work practice.
11. Exercise policy advocacy skills at the legislative and organizational levels.

III. Teaching Methods

A variety of teaching methods will be used including interactive lectures (students are encouraged to ask questions and make comments during the lectures), readings, guest speakers, videos, class exercises, written assignments, student presentations, peer feedback from class members, interviews with people interested in and knowledgeable about policy issues, and observation of meetings on policy-related issues.

V. Policies

A. Policies Specific to This Course

- 1. Professional conduct:** Your attendance, attention, and participation are expected for all class sessions. Daily attendance (roll) will be taken, and the policy on pop quizzes will be strictly applied. Class participation includes reading all assigned materials prior to the class session and actively engaging in class discussions and exercises. Lively class discussion is encouraged. Respectful communication is necessary to the learning environment, especially when a class such as this one focuses on “hot” political topics on a regular basis. Please turn off cell phone ringers and refrain from texting and other non-class activities such as web-surfing, checking your un-related emails, etc. Students are also expected to observe professional codes of conduct with regard to confidentiality, dress, language, and other matters and exercise good judgment while interacting with agencies, organizations, and other entities on assignments for this course. If there is a challenging problem with which you need assistance, ask for help and attend office hours right away. If there is a miscommunication or potential misunderstanding about an assignment or a comment made in class by you, the professor, or by a student peer, seek clarification immediately and strive to “get into a solution” instead of “staying as a part of the problem.” Excellent, clear, professional communication is always the goal.
- 2. Submitting assignments:** (a) All papers should be word-processed and in 12- point font, with double-spacing, and with reasonable margins. (b) Submit all assignments in hard copy (do **not** submit them electronically unless asked to do so). (c) Assignment due dates are noted in the course calendar. **All** assignments are due at the start of the class period. Assignments submitted after the start of class will be considered late for that day unless **prior** arrangements have been made with the instructor. Except in the case of serious illness or emergency, **five points** will be deducted for each day an assignment is late (this includes weekend days). (d) The *Publication Manual of the American Psychological Association* (APA) is the style manual to be used unless another referencing style is more appropriate for the assignment. (e) Appropriate referencing of citations (authors, titles, page numbers, etc.) is required. This includes giving due credit to others when indirect quotes (paraphrasing) and direct (verbatim) quotes are used. Short direct quotes (less than 40 words) must be placed in quotation marks. Long direct quotes (40 or more words) must be indented. Paraphrasing requires more than changing a word or two in a sentence. Failure to give due credit to others will result in a **“0” for the assignment and/or an “F” for the course. Plagiarism is a form of scholastic dishonesty and will be addressed as such (see item 3 below). If you do not know how to cite appropriately, please learn before you submit any assignments.**

- 3. Scholastic Dishonesty:** Scholastic dishonesty may result in a report to the Assistant Dean of Undergraduate Programs in the School of Social Work, the Dean of the School of Social Work, and/or Student Judicial Services. Students may receive an “F” for the course and other sanctions in accordance with University policies, including dismissal from the University. Also see item 5 on scholastic dishonesty under University Policies below.

For help please see: <http://www.lib.utexas.edu/services/instruction/learningmodules/plagiarism/>

- 4. Course modifications:** Should any modifications or changes need to be made to the course (e.g., calendar, assignments), students will be notified in class and/or by e-mail. Students should check their e-mail frequently, and students who are absent from class should check on announcements made in class during their absence.
- 5. Use of CANVAS:** The course CANVAS site will be used for various purposes (posting the syllabus and some documents, etc.). Some course communication will also be done via e-mail. Also see item 7 on e-mail under University Policies below.
- 6. Office Hours:** Required: Make at least one office hour visit with Dr. Webb within the first three weeks of classes.
- 7. Librarian Assistance:** Strongly Recommended: Go to the UT Austin Perry-Castaneda Library (PCL) in person and ask the Librarian specifically assigned to assist social work students and professors to orient you to research resources such as how to search for recent peer reviewed research articles related to your topic area, and how to use noodlebib utilizing APA format for references.

B. University Policies

THE UNIVERSITY OF TEXAS HONOR CODE. The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity, and responsibility. Each member of the university is expected to uphold these values through integrity, honesty, trust, fairness, and respect toward peers and community.

PROFESSIONAL CONDUCT AND CIVILITY IN THE CLASSROOM. The professor expects students to act as professionals in class. This means students should arrive on time for class, be prepared to participate in the class discussion, and show respect for one another’s opinions. A course brings together a group of diverse individuals with various backgrounds. Students are influenced and shaped by such factors as ethnicity, gender, sex, physical abilities, religious and political beliefs, national origins, and sexual orientations, among others. We expect to learn from each other in an atmosphere of positive engagement and mutual respect. Social Work also deals with complex and controversial issues. These issues may be challenging and uncomfortable, and it would be impossible to offer a substantive classroom experience that did not include potentially difficult conversations relating to challenging issues. In this environment we will be exposed to diverse ideas and opinions, and sometimes we will not agree with the ideas expressed by others. Nevertheless, the professor requires that students engage one another with civility, respect, and professionalism.

UNANTICIPATED DISTRESS. Students may experience unexpected and/or distressing reactions to course readings, videos, conversations, and assignments. If so, students are encouraged to inform the professor. The professor can be responsive and supportive regarding students’ participation in course assignments and activities, but students are responsible for communicating clearly what kind of support is desired. If counseling is needed,

students may contact a service provider of their choosing, including the UT Counseling Center at 512-471-3515 or online at <https://cmhc.utexas.edu/>.

POLICY ON SOCIAL MEDIA AND PROFESSIONAL COMMUNICATION. Public social networks are not private. Even when open only to approved or invited members, users cannot be certain that privacy will exist among the general membership of sites. If social work students choose to participate in such forums, please assume that anything posted can be seen, read, and critiqued. What is said, posted, linked to, commented on, uploaded, subscribed to, etc., can be accessed and archived, posing potential harm to professional reputations and prospective careers.

Social work students who use social media (i.e. Facebook, Twitter, etc.) and other forms of electronic communication (i.e. blogs, etc.) must be mindful of how their communication may be perceived by clients, colleagues, faculty, and others. Social work students are expected to make every effort to minimize material which could be considered inappropriate for a professional social worker in training. Because of this, social work students are advised to manage security settings at their most private levels and avoid posting information/photos or using any language that could jeopardize their professional image.

Students are asked to consider the amount of personal information posted on these sites and are obliged to block any client access to involvement in the students' social networks. Client material should not be referred to in any form of electronic media, including *any* information that might lead to the identification of a client or compromise client confidentiality in *any* way. Additionally, students must critically evaluate any material that is posted regarding community agencies and professional relationships, as certain material could violate the standards set by the School of Social Work, the Texas Code of Conduct for Social Workers, and/or the NASW Code of Ethics.

Social work students should consider that they will be representing professional social work practice as well as The University of Texas at Austin School of Social Work program while in the classroom, the university community, and the broader area communities.

POLICY ON SCHOLASTIC DISHONESTY. Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since such dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. For further information, the student may refer to the Web Site of the Student Judicial Services, Office of the Dean of Students (<http://deanofstudents.utexas.edu/sjs/>).

USE OF COURSE MATERIALS. The materials used in this course, including, but not limited to exams, quizzes, and homework assignments, are copyright protected works. Any unauthorized duplication of the course materials is a violation of federal law and may result in disciplinary action being taken against the student. Additionally, the sharing of course materials without the specific, express approval of the professor may be a violation of the University's Student Honor Code and an act of academic dishonesty, which could result in further disciplinary action. This sharing includes, among other things, uploading class materials to websites for the purpose of distributing those materials to other current or future students.

DOCUMENTED DISABILITY STATEMENT. Any student who requires special accommodations must obtain a letter that documents the disability from the Services for Students with Disabilities area of the Division of Diversity and Community Engagement (471- 6259 voice or 471-4641 TTY for users who are deaf or hard of hearing). A student should present the letter to the professor at the beginning of the semester so that needed accommodations can be discussed and followed. The student should remind the professor of any testing accommodations no later than five business days before an exam. For more information, visit <http://diversity.utexas.edu/disability/>.

RELIGIOUS HOLIDAYS. By UT Austin policy, students must notify the professor of a pending absence at least fourteen days prior to the date of observance of a religious holy day. If the student must miss a class, examination, work assignment, or project in order to observe a religious holy day, the professor will give the student an opportunity to complete the missed work within a reasonable time after the absence.

TITLE IX REPORTING. In accordance with Title IX of the Education Amendments of 1972, the University of Texas at Austin is committed to maintaining a learning environment that is free from discriminatory conduct based on gender. Faculty, instructors, staff, and/or teaching assistants in their supervisory roles are mandated reporters of incidents of sex discrimination, sexual harassment, sexual violence, or sexual misconduct. Students who report such incidents will be informed of University resources. Incidents will be reported to the University's Title IX Coordinator and/or the Title IX Deputy for the SSW, Professor Tanya Voss. Students, faculty and staff may contact Professor Voss to report incidents or to obtain information. Further information, including student resources related to Title IX, may also be found at <http://socialwork.utexas.edu/dl/files/academic-programs/other/qrg-sexualharassment.pdf>.

CAMPUS CARRY POLICY. The University's policy on concealed fire arms may be found here: <https://campuscarry.utexas.edu>. You also may find this information by accessing the Quick Links menu on the School's website.

CLASSROOM CONFIDENTIALITY. Information shared in class about agencies, clients, and personal matters is considered confidential per the NASW Code of Ethics on educational supervision and is protected by regulations of the Family Educational Rights and Privacy Act (FERPA) as well. As such, sharing this information with individuals outside of the educational context is not permitted. Violations of confidentiality could result in actions taken according to the policies and procedure for review of academic performance located in sections 3.0, 3.1, and 3.2 of the Standards for Social Work Education.

USE OF E-MAIL FOR OFFICIAL CORRESPONDENCE TO STUDENTS. Email is recognized as an official mode of university correspondence; therefore, students are responsible for reading their email for university and course-related information and announcements. Students are responsible for keeping the university informed about a change of e-mail address. Students should check their e-mail regularly and frequently—daily, but at minimum twice a week—to stay current with university-related communications, some of which may be time-sensitive. Students can find UT Austin's policies and instructions for updating their e-mail address at <http://www.utexas.edu/its/policies/emailnotify.php>.

SAFETY. As part of professional social work education, students may have assignments that involve working in agency settings and/or the community. As such, these assignments may present some risks. Sound choices and caution may lower risks inherent to the profession. It is the student's responsibility to be aware of and adhere to policies and practices related to agency and/or community safety. Students should notify the professor regarding any safety concerns.

BEHAVIOR CONCERNS ADVICE LINE (BCAL). If students are worried about someone who is acting differently, they may use the Behavior Concerns Advice Line to discuss by phone their concerns about another individual's behavior. This service is provided through a partnership between the Office of the Dean of Students, the Counseling and Mental Health Center (CMHC), the Employee Assistance Program (EAP), and The University of Texas Police Department (UTPD). Call 512-232-5050 or visit <http://www.utexas.edu/safety/bcal>.

EMERGENCY EVACUATION POLICY. Occupants of buildings on the UT Austin campus are required to evacuate and assemble outside when a fire alarm is activated or an announcement is made. Please be aware of the following policies regarding evacuation:

- Familiarize yourself with all exit doors in the classroom and the building. Remember that the nearest exit door may not be the one you used when entering the building.
- If you require assistance to evacuate, inform the professor in writing during the first week of class.
- In the event of an evacuation, follow the professor's instructions.
- Do not re-enter a building unless you are given instructions by the Austin Fire Department, the UT Austin Police Department, or the Fire Prevention Services office.

VI. Course Assignments and Student Evaluation

Student achievement in meeting course objectives will be based on (a) pop quizzes and (b) a policy analysis and action project, plus participation informed by readings, and attendance.

A. Pop Quizzes

It is important to keep up with the reading assignments in this class and to come to class prepared to discuss the readings. To facilitate this taking place on a consistent basis, five "pop" quizzes will be given during the semester (i.e., prior notice of dates will not be given). The lowest grade will be dropped. **The four highest grades will each count as 5% of your final grade (20% total).** Each quiz will contain 10 to 20 questions. Each quiz will cover the readings for that class day and the previous class day's work as applicable (readings, lectures, discussion, guest speaker). Questions will be multiple choice, true or false, matching, fill-in-the blank, &/or short answer items. Since one quiz grade will be dropped, **NO** make-up quizzes will be given unless warranted by a documented serious illness or emergency that results in a student missing more than one quiz.

B. Policy Analysis and Action Project

The policy analysis and action project is intended to help students learn more about the legislative process, provide each student an opportunity to select and thoroughly analyze an important contemporary legislative issue of particular interest to her or him, select a related bill, and to develop skills in policy practice, including analysis, writing, presentation, and advocacy. Since written and oral communication is critical for social work practice, the project is composed of (1) a policy brief, (2) either a newspaper editorial or letter to a legislator, (3) written and oral legislative testimony, (4) critiques of classmates' testimony. The assignment is also intended to address the EPAS competency and practice behaviors designated for this course and meet the course's writing and independent inquiry flags. The project components will be graded together and count as 60% of the final grade (see Appendix B). Begin by selecting a bill introduced into the 85th session of the Texas legislature. **The Texas Legislature Online website (<http://www.capitol.state.tx.us>) is a good way to**

search for a bill, etc., and it is imperative that you acquaint yourself with the very useful information that it contains. The course instructor will help you get started with the process. Select a bill that addresses child welfare, health care, public assistance, mental health services, services to people with developmental disabilities, aging, or another social welfare issue of interest to you. Identify legislators, organizations, groups, and committees that have worked on the bill or issue or are currently working on the issue(s) or in the field the bill addresses. You may wish to work with groups, organizations, or committees involved in the issue. Become familiar with the bill and related proposals to modify/amend the bill or replace it with other legislation. Investigate the bill's background and legislative history. Conduct a literature review and identify scholarly references and other reports or studies that address the bill and provide **evidence** about what the effects of the bill might be. Seek the opinions or positions of those with various views on the issue and determine which groups and individuals (e.g., state legislators, professional groups, citizen advocacy groups) support, oppose, or are neutral on the issue and their rationale, including any evidence they believe supports their position. Students may work with a partner or in a small group to gather and discuss information; in fact, you are encouraged to do so as part of the learning process, but each student must independently compose her or his brief, editorial or letter, and testimony. **It may help to approach this project by thinking of yourself as a policy analyst employed by a social welfare agency (governmental or private) or a think tank, an aide working for a state legislator, or a staff member of a legislative committee.** In any case, your job is to educate others about the bill and the issue it addresses and provide reasons for supporting, not supporting, or remaining neutral on the bill.

Handouts will be provided and class sessions will address how to identify a bill; write a policy brief, editorial, and letter to a legislator; how to write and deliver testimony; and how to provide feedback to classmates. All written products should be in 12-point font. Use Arial font. **Your policy brief should be 6 to 7 tightly written pages (not including references and appendices [if any]) with 1.5 line spacing and formatted and written in a way that will engage readers. The MAXIMUM length that will be accepted for a complete policy brief will be 10 pages. Cite at least 10 scholarly research references.** In addition, you may also cite relevant newspaper articles or other credible popular media. You are encouraged to use graphs, charts, quotes, vignettes, or other devices to make the brief informative and appealing to read. Your editorial should be 700 to 750 words. Your letter should be a full one-page including appropriate salutation. Your testimony should be written in such a way that it can be delivered in three minutes. In addition to submitting your brief, editorial or letter to a legislator, and testimony in written form to the instructor, the class will be divided into groups of three or four and each member will be asked to critique the written testimony of the two other class members so that each class member can improve his or her testimony before delivering it to the class. Provide at least one sentence that describes the strengths of your classmates' testimony and two to three that suggest how the testimony might be strengthened or improved. Provide the written critiques to your classmates and to the instructor via email. Be sure to include your name on the critique. On the last day of class, via your project folder, turn in hard copies of your critiques of others' testimonies, and their critiques of your testimony to Dr. Webb.

If you do not submit each assignment at the start of the class on which it is due, it will be considered late. The more effort you put into your work the first time you submit it, the more meaningful or useful the feedback from Dr. Webb, will be. Revise each assignment as needed before submitting your final work. It is your responsibility to continue polishing and improving your own work, independently, until you turn it in on the last day. Dr. Webb is looking for CONTINUED PROGRESS, not simply correcting previously pointed out areas for improvement.

C. Attending Meetings at the Texas Capitol during 2017:

Each student must select and attend 4 meetings (i.e., subcommittee) or sessions (House or Senate) of the Texas Legislature (if they go into an extended session), for a minimum of one hour each (type of meeting and topic(s) of interest is up to the prerogative of the student), and then turn in a hard copy of a two page reflection

paper about what s/he observed and learned. With previous permission from Dr. Webb, meetings may be electronically accessed online or on cable TV IF it is impossible for the student to attend the meeting in person. Other policy-related meetings may be substituted for two Texas legislative meetings, such as City Council meetings, County Commissioner meetings, School Board Meetings, etc. National meetings of Congressional Subcommittees, for example, may be utilized. Place proposed and finally attended meetings on your Policy Project PLAN which should be updated throughout the semester because it is a "living document." All reflection papers about the meetings attended are due by the last day of class and are worth 2.5 points each for a total of 10 points (10% of final grade).

a. Active Participation & Attendance

Roll will be taken each time class meets and students are expected to be in attendance, if at all possible. Likewise, as expressed earlier in this syllabus, students are expected to actively participate in class discussions and activities in a respectful, professional manner. Please raise your hand to obtain the floor to ask questions, contribute to discussions, agree or disagree with Dr. Webb &/or other students about policy topics, etc. **Active participation (5%) and attendance (5%) will make up a total of 10% of your grade for the semester.** Those who seldom speak in class can expect lower participation grades. Those who have no trouble speaking in class need to be aware of the needs of others to meet this expectation, as well, and thus thoughtfully yield the floor to them, when they volunteer to speak.

Criteria for Evaluating Policy Brief (See Appendix B: Grading Rubric)

1. **Completeness and thoroughness:** How fully has the topic been addressed? Has it been sufficiently researched using scholarly references and other resources (e.g., databases), interviews, and other means (e.g., webinars, meeting attendance) to gain differing perspectives and full knowledge of the issue? Does the paper leave the reader with the impression that major questions have been considered, or are important issues left unaddressed? Has the paper or other product been carefully proofread?
2. **Organization and clarity:** Is the brief well written and logically organized? Are there appropriate transitions between sentences, paragraphs, and sections? Are the sentence structure, syntax, and grammar of appropriate quality? Have descriptive headings (and subheadings if needed) been used to improve organization? Are issues addressed in a way that someone unfamiliar with them as well as someone knowledgeable about them can understand?
3. **Referencing:** Are there a sufficient number of appropriate references, including at least 10 scholarly references? Has referencing been done according to the American Psychological Association or other appropriate referencing style? Are the references well integrated in the text? Are short direct quotations noted in quotation marks; are longer direct quotations indented, and are page numbers or paragraph numbers for non-paginated electronic sources indicated for all direct quotations? Are indirect quotes paraphrased sufficiently?
4. **Originality and Creativity:** Does the work demonstrate that different viewpoints have been considered, compared, and contrasted and that the writer has a thorough understanding of the issues? Has the student used his or her analytical skills in a way that suggests more than a restatement of what others have said about this issue? Has the student suggested points that others have not addressed? Is the work prepared in a way that will gain the interest and attention of the intended audience(s)?

Criteria for Evaluating Editorial, Letter to a Legislator, and Testimony

1. Quality of writing, including organization, grammar, and syntax
2. Extent to which major points are addressed
3. How compelling your written arguments are
4. Compelling/convincing delivery of your verbal testimony

Appendix D: Opinion Editorial (Op-ed)

Each student will write an opinion editorial related to her/his major course assignment (policy analysis/policy brief). Opinion editorials, or "op-eds," are short commentary pieces. An op-ed is an excellent way to communicate your message and advocate directly to a broad audience. Op-eds appear each day in almost every newspaper and address current issues, express a viewpoint, and frequently offer policy or other solutions to social problems. If printed in newspapers, elected officials and other decision makers, opinion leaders, and a wide range of community members may read them.

Your op-ed should do the following as articulated in the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards (EPAS), competency 5: "Engage in policy practice": (1) "Identify social policy [and/or a social problem] at the local, state, and [or] federal level that impacts [human] well-being, service delivery, and access to social services."; (2) "Assess how social welfare and economic policies impact the delivery of and access to services [and/or otherwise affect human well-being], and (3) Demonstrate that you have "appl[ied] critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, economic, and [or] environmental justice." Be sure to offer viable policy alternatives to improve human well being and suggest actions that policymakers and/or members of the public should take.

Class time will be dedicated to teaching you how to write a traditional op-ed piece, and you will be provided resources to assist in the process. Examples will also be provided of editorials and commentaries in electronic formats. You may submit your editorial in traditional, written form or in video or other electronic format. If you chose to write a traditional op-ed, it should be 500 to 750 words, single spaced. If you chose an electronic format, the number of words you use in written or spoken form should probably be similar and the op-ed should not exceed 3 or 4 minutes (depending on factors such as your use of graphics). Be sure your op-ed is based on solid evidence and sources and that you cite sources in a manner appropriate to an editorial.

Appendix E. Rubric for Grading Opinion editorial (Op-ed):
