Class Participation

It is important to attend class on time, remain for the entire class, and to be actively and meaningfully present for effective learning and demonstration of professional behavior. Because you are graduate level social work students, it is expected that you will be able to participate on a deeper level in class discussions, taking healthy risks to work outside of your comfort zone. In order to receive the highest level of participation points, healthy risk-taking for professional growth must be demonstrated. Participation points will be determined by attendance, level of interest, respect for others’ learning needs and contributions to classroom discussions and activities. Being prepared for class by reading assigned material is part of this professional expectation as well.

(30 pts)

Evaluation and Grading: All students will be awarded points based on the quality of their work. Each assignment will not have a letter grade but will indicate the number of points they were awarded for the assignment.

VI. CLASS POLICIES

The University of Texas Honor Code
The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity, and responsibility. Each member of the university is expected to uphold these values through integrity, honesty, trust, fairness, and respect toward peers and community.

Maintaining Confidentiality
Information shared in class about agencies and clients is considered confidential according to the NASW Code of Ethics re: the sharing of information for educational purposes. However, discussion outside of class with individuals outside of the course regarding information shared in class about clients, supervisors or agencies is a breach of confidentiality. Breach of confidentiality is grounds for disciplinary action within the School and/or possible expulsion from the program.

Professional Accountability/Conduct in Class
The professor expects students to act like professionals in class. This means students should arrive on time for class, be prepared to participate in the class discussion, and show respect for one another’s opinions. We will not, nor should we, always agree with one another. In this environment we should be exposed to diverse ideas and opinions, and sometimes we will not agree with the ideas expressed by others. However, the professor does require that students engage one another with respect and professionalism.

Part of professional accountability includes treating others with respect and courtesy. Within the class this entails listening to the opinions and concerns of others with openness, offering suggestions and ideas in a positive and respectful manner, and being willing to promote group cohesiveness in the learning environment.

In the Practice I and Field I courses, the student is expected to bring any concerns directly to the professor on an individual basis, if the issue is not appropriate to be discussed in class. Students should be prepared to discuss the concern openly, with willingness to accept feedback, and offer possible solutions.

Use of Computers/Cell Phones in the Classroom
Practice I is a practice course, and class participation is essential. Laptop computers are allowed in the classroom for note-taking during lecture only and must be put away during class discussion and role play.

Cell phones should be turned off when class begins and remain off throughout the duration of the class. Text-messaging is not allowed during class time without special circumstances about which the professor has been made aware. These are issues of professionalism and will incur disciplinary action if necessary.

Time Management
Assignments are due by 5:00 p.m. the day of class through Blackboard or hard copy format. Papers turned in after 5:00 pm the day of class are considered late. Students will lose 5 points per calendar day that an assignment is late (students will not lose 5 points for one assignment turned
in one day late during the semester). On subsequent days, assignments must be submitted before 5:00 p.m. to avoid an additional 5-point penalty. Late papers will be accepted via Blackboard to the professor. The student is responsible for emailing the professor to indicate that the assignment has been submitted.

**Attendance**
Attendance and participation for the full three hours of class and the additional hour of field seminar is expected for all students. After two absences, the student will be asked to arrange for an office visit with the professor to discuss the attendance policy.

**Participation Points will be deducted per absence in the following manner:**
- **Absence 1:** Zero points deducted
- **Absence 2:** Six points deducted
- **Absence 3:** Six points deducted

Three or more absences may result in the student being dropped from Practice I and Field I. A student is considered late if arriving to class after 8:45. Three late arrivals will count as one class absence.

Classroom exercises, discussions, role plays, guest speakers and other class experiential exercises are essential for the students’ professional learning and continued development of self awareness. This form of learning cannot be “made up” once missed. Students will be expected to contact their peers to secure any missed notes or handouts. The student may schedule an office visit with the professor if they wish to discuss missed classroom material in more detail.

Students are to notify the instructor prior to class at the given office number if they cannot attend class due to an illness or emergency.

**Religious Holidays**
By UT Austin policy, students must notify the professor of a pending absence at least fourteen days prior to the date of observance of a religious holy day. If the student must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, the professor will give the student an opportunity to complete the missed work within a reasonable time after the absence.

**Policy on Scholastic Dishonesty**
Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since such dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. For further information, the student may refer to the Web Site of the Student Judicial Services, Office of the Dean of Students (http://www.utexas.edu/depts/dos/sjs/).

**APA Guidelines and Crediting Sources**
When using information from other sources, references and bibliography should conform to current APA style. Instances of plagiarism will be dealt with according to University policy.

**Concerns about Grades**
Students with concerns or questions about grades are invited to discuss these with the professor.
The professor cannot consider grade revisions beyond two weeks after the assignment is returned to the student.

Students with concerns related to equitable distribution of work on a group project should first give the colleague in question a chance to address the concerns. Discussing the problem with your peer first is requested, using skillful and direct communication provided in a way that can be heard. If significant concerns remain, the student(s) is/are encouraged to approach the professor during the assignment’s completion process, before the assignment is due.

**Documented Disability Statement**

Any student who requires special accommodations must obtain a letter that documents the disability from the Services for Students with Disabilities area of the Division of Diversity and Community Engagement (471-6259 voice or 471-4641 TTY for users who are deaf or hard of hearing). Present the letter to the professor at the beginning of the semester so that needed accommodations can be discussed. The student should remind the professor of any testing accommodations no later than five business days before an exam. For more information, visit http://www.utexas.edu/diversity/ddce/ssd/.

**Use of E-Mail for Official Correspondence to Students**

Email is recognized as an official mode of university correspondence; therefore, students are responsible for reading their email for university and course-related information and announcements. Students are responsible to keep the university informed about changes to their e-mail address. Students should check their e-mail regularly and frequently—daily, but at minimum twice a week—to stay current with university-related communications, some of which may be time-sensitive. Students can find UT Austin’s policies and instructions for updating their e-mail address at http://www.utexas.edu/its/policies/emailnotify.php.

Email will be a frequently used mode of communication between the professor and students. All students are responsible for checking their email on a regular basis for class updates. Students are also responsible for alerting the instructor about any changes to their email addresses. Students can use email to ask the instructor questions between class meetings. However, a student will be expected to use sound professional judgment when deciding what is appropriate to discuss in email as opposed to scheduling an office appointment or visiting the professor during office hours.

**Use of Blackboard in Class**

In this class the professor uses Blackboard—a Web-based course management system with password-protected access at http://courses.utexas.edu—to distribute course materials, to communicate and collaborate online, to post grades, to submit assignments, and to give students online quizzes and surveys. Students can find support in using Blackboard at the ITS Help Desk by calling 475-9400, Monday through Friday, 8 a.m. to 6 p.m. Please plan accordingly.

**Safety**

As part of professional social work education, students may have assignments that involve working in agency settings and/or the community. As such, these assignments may present some risks. Sound choices and caution may lower risks inherent to the profession. It is the student's
responsibility to be aware of and adhere to policies and practices related to agency and/or community safety. Students should notify the professor regarding any safety concerns.

Behavior Concerns Advice Line (BCAL)
If students are concerned about the well being of a UT student or employee who may be acting differently, they may use the Behavior Concerns Advice Line to discuss by phone their concerns about another individual’s behavior. This service is provided through a partnership among the Office of the Dean of Students, the Counseling and Mental Health Center (CMHC), the Employee Assistance Program (EAP), and The University of Texas Police Department (UTPD). Call 512-232-5050 or visit http://www.utexas.edu/safety/bcal.

Policy on Social Media and Professional Communication
Public social networks are not private. Even when open only to approved or invited members, users cannot be certain that privacy will exist among the general membership of sites. If social work students choose to participate in such forums, please assume that anything posted can be seen, read, and critiqued. What is said, posted, linked to, commented on, uploaded, subscribed to, etc., can be accessed and archived, posing potential harm to professional reputations and prospective careers.

Social work students who use social media (i.e. Facebook, Twitter, etc.) and other forms of electronic communication (i.e. blogs, etc.) must be mindful of how their communication may be perceived by clients, colleagues, faculty, and others. Social work students are expected to make every effort to minimize material which could be considered inappropriate for a professional social worker in training. Because of this, social work students are advised to manage security settings at their most private levels and avoid posting information/photos or using any language that could jeopardize their professional image. Students are asked to consider the amount of personal information posted on these sites and are obliged to block any client access to involvement in the students’ social networks. Client material should not be referred to in any form of electronic media, including any information that might lead to the identification of a client or compromise client confidentiality in any way. Additionally, students must critically evaluate any material that is posted regarding community agencies and professional relationships, as certain material could violate the standards set by the School of Social Work, the Texas Code of Conduct for Social Workers, and/or the NASW Code of Ethics.

Social work students should consider that they will be representing professional social work practice as well as the University of Texas at Austin School of Social Work program while in the classroom, the university community, and the broader area communities.

Emergency Evacuation Policy
Occupants of buildings on the UT Austin campus are required to evacuate and assemble outside when a fire alarm is activated or an announcement is made. Please be aware of the following policies regarding evacuation:
• Familiarize yourself with all exit doors of the classroom and the building. Remember that the nearest exit door may not be the one you used when you entered the building.
• If you require assistance to evacuate, inform the professor in writing during the first week of class.
• In the event of an evacuation, follow the professor’s instructions.
• Do not re-enter a building unless you’re given instructions by the Austin Fire Department, the UT Austin Police Department, or the Fire Prevention Services office.
