**Counseling African American Individuals, Couples, and Families:  
Africentric Interventions**

**I. Course Description**

From individual counseling to community practice settings, many helping professionals find themselves lacking the appropriate tools and techniques to assist and empower African American individuals and families. This course fills a void in traditional theories and counseling approaches by incorporating American Psychological Association (APA) multicultural psychotherapy training and other African-centered, culturally-based models. The course will prepare students to apply knowledge about historical trauma and current psychosocial factors impacting African – descent people in designing assessment procedures, psychological interventions, prevention programs, and individual, couples, and family counseling models.

**II. Course Objectives**

Upon completion of this course, the students should be able to:

1. Demonstrate an understanding of how the legacy of slavery, economic and socio-political forces have impacted the contemporary challenges facing African American men, women, children, older adults, families, and communities.
2. Demonstrate self-awareness regarding our existence in a multicultural society with particular attention to conflicting values, ethical dilemmas, empowerment and social justice.
3. Demonstrate an ability to identify similarities and differences between traditional, Eurocentric approaches to theory and practice and Africentric approaches.
4. Demonstrate skill in identifying diverse value orientations, life experiences, and worldviews of African Americans (intergroup and intragroup differences/similarities with regard to culture, class, gender, sexual orientation, religion/spirituality, physical or mental ability, age/generation, and national origin) which affect the type and nature of psychological intervention and/or prevention models needed.
5. Demonstrate skill in critically evaluating the appropriateness of assessments, standardized measures, intervention and prevention strategies, and research designs related to characteristics of African American populations.
6. Demonstrate skill in designing and presenting a workshop or proposal for a culturally consistent and theory-driven Africentric-based psychological intervention and/or prevention model.

**III. Teaching Methods**

The teaching methods for this course include lectures, discussions, informal student presentations, guest speakers, video and audio materials, and community collaborations in designing final projects.

Students are expected to attend all class sessions and actively participate by raising questions and fostering discussions. Electronic Devices: Use of laptops requires signed agreement.

**Confidentiality:** Students are expected to adhere to the standards of professional confidentiality.

**Attendance & Late Assignments:** Attendance is mandatory. Beyond one absence, each absence will result in 5 points being subtracted from the final grade points. ### **OTHER POLICIES:**

#### **The University of Texas Honor Code**

The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity, and responsibility. Each member of the university is expected to uphold these values through integrity, honesty, trust, fairness, and respect toward peers and community.

#### **Policy on Scholastic Dishonesty**

Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since such dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. For further information, the student may refer to the Web Site of the Student Judicial Services, Office of the Dean of Students (<http://www.utexas.edu/depts/dos/sjs/>).

Any student who requires special accommodations must obtain a letter that documents the disability from the Services for Students with Disabilities area of the Division of Diversity and Community Engagement (471-6259 voice or 471-4641 TTY for users who are deaf or hard of hearing). Present the letter to the professor at the beginning of the semester so that needed accommodations can be discussed. #### **Religious Holidays**

By UT Austin policy, students must notify the professor of a pending absence at least fourteen days prior to the date of observance of a religious holy day. If the student must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, the professor will give the student an opportunity to complete the missed work within a reasonable time after the absence.

#### **Use of E-Mail for Official Correspondence to Students**
